

# VFIS Drivers Training (B05D)

Instructor: Fred Bellinger FO3

This Emergency Vehicle Driver Training course consists of the lecture portion. It is required that all members of a department that do not possess a CDL attend and pass this course. CDL holders who have not attended are strongly advised to attend as well. This course helps attain the requirement in P.A. 300 allowing members of an organized fire department to drive vehicles greater than 26001# GVW.
